laminin binding
synaptic cleft
maintenance of blood−brain barrier
extracellular matrix binding
excitatory synapse
Glutamatergic synapse
basement membrane
adenylate cyclase−activating G protein−coupled receptor signaling pathway
sarcolemma
growth cone
Cholinergic synapse
site of polarized growth
distal axon
developmental growth involved in morphogenesis
adenylate cyclase−modulating G protein−coupled receptor signaling pathway
developmental cell growth
learning or memory
regulation of neuron projection development
postsynaptic membrane
cell projection morphogenesis
cognition
neuron projection morphogenesis
regulation of system process
neuronal cell body
camera−type eye development
plasma membrane bounded cell projection morphogenesis
postsynaptic specialization
sensory system development
cell body
axon
asymmetric synapse
muscle system process
eye development
postsynaptic density
visual system development
modulation of chemical synaptic transmission
regulation of trans−synaptic signaling
collagen−containing extracellular matrix
regulation of plasma membrane bounded cell projection organization
sensory organ development

visual system development
structural molecule activity conferring elasticity
site of polarized growth
sensory system development
secretory granule localization
sarcolemma
protein localization to extracellular region
neuronal dense core vesicle membrane
neuronal cell body
neuron projection morphogenesis
negative regulation of cell motility
negative regulation of cell migration
muscle system process
muscle contraction
limbic system development
intercalated disc
heterotypic cell−cell adhesion
heart process
heart contraction
growth cone
gland morphogenesis
gland development
GABAergic synapse
eye development
extracellular matrix structural constituent
excitatory synapse
distal axon
desmosome
dense core granule membrane
dense core granule localization
collagen−containing extracellular matrix
cell−cell junction
cell−cell contact zone
cell projection morphogenesis
cell body
cell adhesion mediator activity
camera−type eye development
basement membrane
axonogenesis
axon

Wnt signaling
synaptic membrane
regulation of canonical Wnt signaling pathway
presynaptic membrane
postsynaptic specialization
postsynaptic density
Pleural mesothelioma
plasma membrane bounded cell projection morphogenesis
Parathyroid hormone synthesis, secretion and action
neuronal cell body
neuron to neuron synapse
neuron projection morphogenesis
neuron projection guidance
Neural crest differentiation
Long−term depression
Hippo signaling regulation
Glutamatergic synapse
Gap junction
Circadian entrainment
cell projection morphogenesis
cell morphogenesis involved in neuron differentiation
cell body
canonical Wnt signaling pathway
axon hillock
axon guidance
axon development
axon
asymmetric synapse
